

Aluminum Corporation of China Limited
Q1 2007 Key Operational Highlights
For the period ended March 31 2007

Update on the PRC Alumina and Aluminum Sector

| | Q1 2007 | % change from Q1 2006 |
|---|----------------------------------|----------------------------------|
| Domestic production of alumina | 4.50m tonnes | 62.4% |
| Domestic consumption of alumina | 5.86m tonnes | 34.7% |
| Import of alumina | 1.47m tonnes | -13.5% |
| Domestic production of primary aluminum | 2.91m tonnes | 41.8% |
| Domestic consumption of primary aluminum | 2.49m tonnes | 38.3% |
| Net import of primary aluminium | 110,000 tonnes | -200.0% |
| Average price for LME 3-month aluminum futures | US\$1.25 / lb(US\$2,746 / tonne) | 12.4% |
| Average price for SHFE 3-month aluminum futures | US\$1.02 / lb(RMB20,180/ tonne) | 1.5% |

Key Chalco Operational Data for Q1 2007

| | Q1 2007 | % change from Q1 2006 |
|---|------------------------------------|----------------------------------|
| Alumina | | |
| Production volume of alumina products | 2.39m tonnes | 13.1% |
| Production volume of Alumina Chemical | 250,000 tonnes | 3.3% |
| Alumina products external sales amount | 1.19m tonnes | -18.8% |
| Average sales price of alumina | RMB3,318 / tonne (US\$368 / tonne) | -26.1% |
| Primary Aluminium | | |
| Primary aluminum products production amount | 660,000 tonnes | 81.0% |
| Primary aluminum products sales amount | 600,000 tonnes | 102% |
| Average sales price for primary aluminum | RMB20,328 / tonne(US\$1.02 / lb) | 1.0% |
